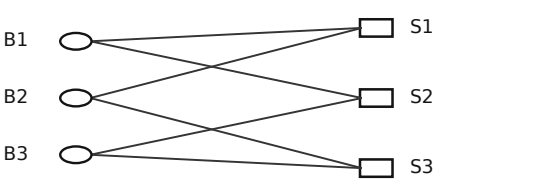
A COMMON SUPPLY ENVIRONMENT



Structured decisions (shared)

01 Demand and reservation values

02 Supplier ranking / candidate shortlist

03 Price and capacity feasibility

04 Contract quantity and material flow

B DECISION AUTHORITY

Human decision maker

Contextual judgment and relational trust

Concessions, renewal and partner commitment

LLM-based procurement agent

Model-based dialogue, context and tools

Memory retrieval, proposals and partner choices

Contracts → partner histories → changing supply ties

Service · concentration · continuity · disruption response
